

Attorney General Ashcroft,

You said the 2nd Amendment “*protect[s] the right of individuals to keep and bear firearms.*” You also SWORE to uphold and defend the Constitution, including enforcing the guarantees of the 2nd Amendment.

Our **Petition for Enforcement of the Second Amendment**, sent to you with over 20,000 signatures, detailed the blatant infringements of this right under color of law and asked for immediate redress. Words alone are meaningless — we demand that you **IMMEDIATELY DO YOUR DUTY** and take legal action to protect our unalienable civil and human rights.
